

### Factor Finding Mission III

Write a pair of numbers to complete the following. No "1s" as factors.

a. $14 \div \underline{\quad} = \underline{\quad}$ b. $21 \div \underline{\quad} = \underline{\quad}$ c. $45 \div \underline{\quad} = \underline{\quad}$ d. $48 \div \underline{\quad} = \underline{\quad}$ e. $32 \div \underline{\quad} = \underline{\quad}$ f. $40 \div \underline{\quad} = \underline{\quad}$ g. $72 \div \underline{\quad} = \underline{\quad}$ h. $35 \div \underline{\quad} = \underline{\quad}$ i. $15 \div \underline{\quad} = \underline{\quad}$ j. $42 \div \underline{\quad} = \underline{\quad}$ k. $64 \div \underline{\quad} = \underline{\quad}$ l. $25 \div \underline{\quad} = \underline{\quad}$ m. $56 \div \underline{\quad} = \underline{\quad}$	n. $27 \div \underline{\quad} = \underline{\quad}$ o. $18 \div \underline{\quad} = \underline{\quad}$ p. $54 \div \underline{\quad} = \underline{\quad}$ q. $66 \div \underline{\quad} = \underline{\quad}$ r. $42 \div \underline{\quad} = \underline{\quad}$ s. $80 \div \underline{\quad} = \underline{\quad}$ t. $24 \div \underline{\quad} = \underline{\quad}$ u. $49 \div \underline{\quad} = \underline{\quad}$ v. $90 \div \underline{\quad} = \underline{\quad}$ w. $63 \div \underline{\quad} = \underline{\quad}$ x. $44 \div \underline{\quad} = \underline{\quad}$ y. $81 \div \underline{\quad} = \underline{\quad}$ z. $50 \div \underline{\quad} = \underline{\quad}$
--	--

### Times Teasers III

Use the numbers given in each grid to find the ones that are missing.

X							
	6

### Factor Finding Mission IV

Write a pair of numbers to complete the following. No "1s" as factors.

a. $40 \div \underline{\quad} = \underline{\quad}$	n. $32 \div \underline{\quad} = \underline{\quad}$
b. $27 \div \underline{\quad} = \underline{\quad}$	o. $36 \div \underline{\quad} = \underline{\quad}$
c. $35 \div \underline{\quad} = \underline{\quad}$	p. $24 \div \underline{\quad} = \underline{\quad}$
d. $81 \div \underline{\quad} = \underline{\quad}$	q. $16 \div \underline{\quad} = \underline{\quad}$
e. $12 \div \underline{\quad} = \underline{\quad}$	r. $10 \div \underline{\quad} = \underline{\quad}$
f. $45 \div \underline{\quad} = \underline{\quad}$	s. $20 \div \underline{\quad} = \underline{\quad}$
g. $54 \div \underline{\quad} = \underline{\quad}$	t. $30 \div \underline{\quad} = \underline{\quad}$
h. $63 \div \underline{\quad} = \underline{\quad}$	u. $48 \div \underline{\quad} = \underline{\quad}$
i. $25 \div \underline{\quad} = \underline{\quad}$	v. $42 \div \underline{\quad} = \underline{\quad}$
j. $24 \div \underline{\quad} = \underline{\quad}$	w. $60 \div \underline{\quad} = \underline{\quad}$
k. $14 \div \underline{\quad} = \underline{\quad}$	x. $44 \div \underline{\quad} = \underline{\quad}$
l. $72 \div \underline{\quad} = \underline{\quad}$	y. $15 \div \underline{\quad} = \underline{\quad}$
m. $49 \div \underline{\quad} = \underline{\quad}$	z. $100 \div \underline{\quad} = \underline{\quad}$

### Times Teasers IV

Use the numbers given in each grid to find the ones that are missing.
